Washington Party—Seventy Prisoners at Jail—K. H. S. to Play Webster—Killingly Mill League Talked Of—Lenten Preachers.

Members of the Friday Afternoon Whist club gave a Washington party in honor of the gentlemen at the home of Mr. and Mrs. Orray Potter, Broad street, Wednesday evening. Military whist was played and a buffet lunch was served. The winners at whist were Mrs. Frank Gilbert, Mrs. Earl Jennings, Clarence A. Potter and Harry W. Clarke.

#### Taking Special Course.

Ray C. Smith, instructor of mechanical drawing and manual training in Pawtucket High school, was a recent visitor with his parents, Mr. and Mrs. C. M. Smith of Hawkins street. In addition to his duties as instructor Mr. Smith is taking a special course at Brown university.

#### Play Made a Hit.

The Killingly grange dramatic organization made very much of a success historically and financially in presenting the Country Doctor in Brooklyn Wednesday evening. Miss Bertha White and George Pearl were players who proved especially pleasing to the Brooklyn audience, as did also Mrs. C. A. Frost, soloist.

Those who keep tabs on the weather note by reference to their records that the closing week of February of last year was one of intense cold, in striking contrast to the mild temperatures of the past few days; also that late February brought the heavy snow storm of the winter.

#### Seventy Prisoners.

There were 70 prisoners at the county jail in Brooklyn Thursday, somewhat less than has been held there during the greater part of the winter. Eight of the prisoners are to appear in the superior court next week to face criminal charges. This announcement has yet been made relative to who the successor to Deputy Jailor Wallace, resigned, will be.

#### Borough Debt Reduced.

With only another month to complete the fiscal year and with no heavy extraordinary expenses apt to occur during that time it now seems highly probable that the borough officials will have an excellent annual report to make to the voters at the annual meeting in April. This year's administration has been both efficient and fortunate. The reports are expected to show some reduction in the borough's debt.

It is anticipated that the citizens will soon have an opportunity to do something toward the alleviation of the troubles of the Belgians, for when the Consistent committee is to lead a ship during March, with supplies from this state, one town will be invited to aid in maintaining the state's reputation for generous action.

#### Game with Webster Tonight.

Killingly High school will play its last scheduled basketball game this (Friday) evening with Webster High school here as opponents. The playing season now coming to a close has been a very successful one from a playing standpoint. The Windham High school, Norwich Independents and Fourtelle High school teams being the only ones to win victories over the local boys. Financially, however, the record is not so much to brag about.

The team started the season with funds in the school athletic association treasury and finishes with considerable deficit, which may be made up by the giving of an operetta.

#### High School to Graduate 46.

Forty-six students will be graduated from Killingly High school in the class of 1915. This is the largest class ever, surpassing one of a few years ago that had 42 members. From its freshman year the class has been increasing away beyond any that has taken a course at the school, being at its entrance larger than the total enrollment of students at the high school sixteen or seventeen years ago, when the principal and two assistants composed a teaching staff sufficient to effectively do the teaching of about 75 students.

**Lenten Preachers at St. Alban's.**  
The following is the list of preachers at St. Alban's church for Thursday evening during Lent: March 4, Rev. P. W. Harriman; March 11, Rev. P. W. Harriman; March 18, Rev. C. L. Adams; March 25, Rev. W. Lindsey; Church of the Reconciliation, Webster; April 1, Rev. E. J. Bobanan, St. Andrews.

#### Talk of Mill League.

With the baseball season only a few weeks away, there is a revival of talk of a Killingly mill league. Such a league, it is held, could be organized with at least six teams of capable players. There was a big revival of interest in the national game here last year, due entirely to the organizing of mill teams that played exciting games and drew big crowds, for the players were known to the spectators, and that is more of an asset than can appear at first thought. Danielson had three good mill teams last year. Attawagan, a crackerjack, getting Baltimore and either Deyville, Attawagan or East Killingly to furnish a team would give teams enough to secure a

## A REMEDY FOR BRONCHIAL COLDS

Philadelphia Man Tells How He Treated a Severe Case With Vinol and the Successful Result.

Philadelphia, Pa.—"Last Fall I was troubled with a very severe bronchial cold with very bad effects from it, headaches, backaches, and sick to my stomach. I was so bad I became alarmed and tried several medicines, also a doctor, but did not get any relief. One of the men where I am employed asked me to try Vinol, saying it cured his worst colds. I did so, and in a very short time received the relief which I craved. Now I am enjoying perfect health, and recommend Vinol to be all that is claimed for it."

—JACK C. STANTON, Philadelphia, Pa.  
When we tell you that Vinol is the best remedy in all our large stock for chronic colds, coughs and bronchitis there is no excuse for letting a cough or cold hang on for months and even years. It is the curative medicine, the elements of the cod's livers, combined with blood making and strengthening properties of tonic iron contained in Vinol which makes it so successful in removing chronic coughs, colds and bronchitis, after other medicines fail.

Try a bottle of Vinol with the understanding your money will be returned if it fails to help you.

Harry Rock, 35, of Providence, Claimed Drugging and Robbing—New Industry's Bright Prospects—Tramp Operative Injured—Postmaster Gilman Receives Commission.

A man giving his name as Harry Rock, 35, of Providence, was found unconscious in the store doorway at Magan's grocery on School street Wednesday evening. When he regained consciousness he claimed he was drugged and robbed of \$16 and his overcoat by an acquaintance named Frank Smith. There is considerable evidence to bear out the story.

Rock was seen lying in the doorway by some boys on their way to the basketball game at the High school building. They were unable to arouse him and notified Sergeant Hayes of the police force and Dr. E. F. Perry, who went together to where the man lay. Dr. Perry treated the man and brought him back to consciousness and then ordered his removal to the Day Kimball hospital where he remained over night. According to Dr. Perry the man had been drugged, probably with a tablet composed of morphine and antipyrine.

When he was able to talk Rock told the officer and doctor that he lived in Providence and until recently had been employed in the Capital lunch room in that city. During the last week of his employment a man who called himself Frank Smith worked at the same place. They both got through together and started out to look for another job. He Rock had \$16 in his pocket when they arrived in Putnam on the six o'clock train. He said he went through the subway at the railroad station and into a lunch room, Smith accompanying him. They ordered food and coffee and Smith went behind the counter and drew the coffee. After they finished they boarded a trolley car and within five minutes he felt dizzy and got off at a place where there was a large building all lighted up. Then he started to walk down the street and that is the last he remembered.

From the story told by the man the pair doubtless went into the subway lunch room and got off the car near the High school building where the police have been working on the case but with little hopes of success as shortly after the time the affair is said to have occurred their way to the train out of the city and doubtless Smith is miles away. The men are not known here.

#### POSTMASTER'S COMMISSION

Received Thursday by Alexander Gilman—To Date From Feb. 15th.

Alexander Gilman is Putnam's new postmaster to succeed Frank H. Letters the republican incumbent.

Mr. Gilman received a communication from the Assistant Postmaster General at Washington Thursday morning in which it is stated that the president by and with the advice and consent of the senate had appointed him postmaster at Putnam for a term of four years beginning the 15th day of February. Further states that as soon as the bond is executed and approved by the department his commission will be issued authorizing him to take office without delay.

Mr. Gilman of course feels pleased at his appointment to office which carries a salary of \$2,400 a year. He will immediately execute his bond and will assume his new duties upon receiving congratulations during the day.

he has been in the employ of L. E. Smith, furniture dealer and undertaker. He served one term as democratic auditor from ward 2, has been town auditor and a number of the democratic town committee for the past 3 years and is at present its secretary. He is president of the French Canadian Circle of Advance and belongs to the Elks and Foresters of America. Mr. Gilman is 46 years of age, married and has two children.

**Gay-Ash Engagement.**  
Dr. and Mrs. Thomas N. Gay of East Orange, N. J., announce the engagement of their daughter, Miss Dorothy Gay, to William Kenyon Ash of Boston. Mr. Ash is the son of Mr. and Mrs. John Ash of Pomfret.

**Benefit Whist.**  
There was a large gathering in St. Mary's hall Thursday evening at the whist and entertainment given by the St. Anne society. A substantial sum was realized from the affair which will be used toward paying for the new carpet of St. Mary's church.

**A Double Victory.**  
There was a large attendance at the basketball game at the High school Wednesday evening and a double victory was scored. It had been announced to the student body that unless expenses could be paid no more basketball would be played this season. The pupils went to work with that school spirit for which they have an enviable reputation and packed the gymnasium to the doors and thus saved the day and basketball. The team, imbued with the spirit evidenced by their supporters went at Southbridge and played rings around the Bay Staters, winning easily with the score of 58 to 15. Never has the team shown to such good advantage as in this game and the whole student body is jubilant at what they consider a double victory.

**Will Join Fother in Business.**  
Herbert J. Smith of South Manchester, will return to Putnam Monday to enter business with his father, L. E. Smith. Mr. Smith has recently lost two of his employees who have been with him many years. These men who have entered business for himself and Alexander Gilman, who has been appointed Putnam's new postmaster.

**New Company Incorporated.**  
There is an industry that is about to start in Putnam for the manufacture of a patented push pin and hanger has been incorporated under the name of The Hunt-Hunt Corporation. The industry will be located in the Johnson shop near the foundry and will manufacture the Hunt push pin and hanger, and will later add other specialties. This is not an entirely new industry as it was formerly conducted in Westboro, Mass. Mr. J. A. Hunt, the inventor of the push pin and hanger has been known as an inventor for many years and he invented the Hunt bicycle saddle when bicycles first came into use, and also patented many other articles. The concern will at the start employ about a dozen hands and the work will be given to Putnam people. Carpenters, masons, plumbers and electricians are using the work of remodeling the buildings and an addition is being built. Mr. Johnson who has been in the manufacturing business in an adjacent building. Machinery will arrive in a week.

**Fell Down Stairs.**  
A wandering mill operative named Lewis Smith from Lebanon, N. H., fell down the stairs near the south end of Central block Wednesday evening and was carried to the Day-Kimball hospital. His ankle is either badly sprained or broken, it is believed the latter, but it cannot be definitely ascertained until the swelling is reduced. The man had been drinking.

**For Silver Cup.**  
The pool tournament for a silver cup offered to Nina council, Knights of Columbus, by Rev. Fr. J. E. O'Brien, of St. Mary's church, was started this week. Lively interest is being shown in the result. There are 28 of the club members contesting, and they are divided into three classes, Class A, Class B and Class C, the first class containing 22 members, the second 19 and the third class 6.

**Borough Briefs.**  
Mrs. Stiles T. Stanton, Miss Laura Wood, Miss Liza Truiston and Mrs. John R. Babcock have left for a three weeks' visit with friends in New York city.

Lieutenant Henry E. Rhodes, U. S. N., retired of Boston has been visiting with Rev. D. C. Stone at the Parsonage-by-the-Sea.

There is considerable complaint in the borough coming the street lights, which have been acting very queerly for the last few weeks. Miss Grace Andrews has been admitted to a hospital in New London.

Mr. and Mrs. E. J. Garity, Jr. have returned to New York after a visit here.

W. H. Hammond of Newport, R. I., has been a visitor here.

Miss Thelma Hickey has returned to her studies at the Bridgeport Mass. Normal school.

# You know what Cottolene is made of

There is no secret about Cottolene.

The world has known Cottolene for over twenty-five years

It was in the van of the great movement for the improvement of food products.

It is an exact combination of pure, ultra-refined cottonseed oil (a grade so high it is not listed in the market) with beef-stearine from clean, fresh, leaf beef suet.

That is what produces the splendid qualities for shortening, frying and cake-making in

# Cottolene

There is an appetizing appeal in the thought that your foods are cooked with Cottolene—made of an oil that is far superior to most salad oils and as fine as the best, combined with the choicest part of rich, leaf beef suet.

Nothing has ever been found to equal this combination. For more than a quarter of a century Cottolene has been alone—and has held an unchallenged leadership.

Order a pair of Cottolene from your grocer today and use it in shortening, frying, or cake-making. Added to its splendid results is its economy—you use one-third less than of any ordinary cooking fat. Arrange with your grocer for a regular supply.
